ATLANTA, Georgia — 3PD, one of North America's largest last-mile logistics providers, has been named the fastest-growing middle-market company in Georgia. The company is ranked first on *Georgia Trend's* inaugural "Mid-Market Fast 40" list in the magazine's December issue.

Compiled by regional CPA firm Cherry, Bakaert & Holland LLP, the list recognizes Georgia companies with sales between \$15 million and \$1 billion that have demonstrated three years of the highest sustained sales and employment growth. Overall, the companies who made the list had a combined average growth rate of 94 percent.

"We've always known 3PD was experiencing out-of-the-ordinary growth, especially in the last-mile sector," said 3PD CEO Karl Meyer. "But this ranking confirms that our success is even bigger than we thought. We're honored — and proud to have statewide bragging rights for the next 12 months."
