ATLANTA, Ga. — Inbound Logistics has named 3PD a “Top 100 Logistics Provider.”

It is 3PD’s first appearance on the annual list and the latest of several service excellence awards it has received this year.

Inbound Logistics compiles its Top 100 list based on providers’ service quality as well as their ability to help businesses address “burgeoning global supply and logistics challenges.”

“It is impressive to see 3PD providing the kinds of solutions that companies large and small rely on to solve tactical logistics issues,” said Inbound Logistics Editor Felecia Stratton when announcing 3PD’s addition to the list.

“Business logistics professionals would face enormous difficulties without the world-class logistics solutions offered by companies like 3PD.”

According to Stratton, the magazine received hundreds of nominations for the list this year.

“Selecting the annual Top 100 3PL providers is no small task, given the pace of change and the number of new entrants in the global outsourcing market,” she said. “Inbound Logistics editors are proud to recognize 3PD.”
